

Taking care of *business* means taking care of *people*.

Please support the **Business Cares Food Drive**
for the London and Area Food Bank.

You can help by...

- donating a bag of groceries
- providing a case of baby formula for one of our biggest challenges – feeding hungry babies
- giving non-perishable food items such as pasta and canned goods
- financial donations are always welcome

The London Food Bank...

- provides emergency food to over 30,000 family (72,000 individual) visits per year
- clients are 42% children
- helps over 30 other agencies in the London area
